President McCubbin began the meeting each Chapter sharing ideas. Alpha chapter shared of how they have gotten word out to potential new members through the new teacher orientation for OKC public schools with a table that displayed signs, banners, information, and contacts in order to invite them to meetings and membership. There is a great deal of new information (under the leadership tab) available on the website for new members and enhancing new membership. There is a check up list for our chapters on the international website. The chapter has reached out to UCO for new members as well and have utilized the form letters from the website for letters to Principals or Superintendent. Letters were sent to prospective education majors outlining membership benefits of Delta Kappa Gamma.

Minutes and treasurer report were read and will be filed with no corrections. Member Charlotte Betche made the comment "we had a small group last month but had a lot of good brags".

Committee reports: Scholarship committee has been distributed to the SWOSU Education Department. Essay committee has personally distributed the essay packets to Thomas, Canton, Watonga, CBA, and Weatherford

The scrapbook from last year was presented to President McCubbin. Patsy Chasteen volunteered to serve on the scrapbook committee.
